Sponsorship of ‘Dell Day’ - a celebration of New Zealand’s women in science

Dame Miriam Dell, botanist, teacher, suffragist and mentor, was born on 14 June 1924. As recognition of her work, AWIS, of which she was a Patron, invites you to celebrate all women in science on the 100th anniversary of her birth.

The Association for Women in the Sciences (AWIS) works to better the position of all women working in the sciences, including those practicing, teaching or supporting science and those studying science at tertiary level.

On 14 June 2024, AWIS will bring together women across the STEM sector in New Zealand to share stories of their female scientist heroines and mentors. These talks will be brought together into a 90-minute webinar open to all.

The webinar will run from 10.30am to 12pm. This will allow women to gather at their workplaces or elsewhere to watch the webinar and either network over morning tea prior to or share lunch after the online session.

AWIS is looking for sponsors to support the Dell Day celebration. Sponsoring the national event will demonstrate sponsor organisations’ commitment to diversity in science, particularly as a strong supporter of women in STEM in New Zealand.
